

*Reliable membrane supply, installation and services through the
MMS Membrane Alliance Club*

Common problems found in industry

- ❑ *Membranes are run until they "break", hence replacement is often required immediately.*
- ❑ *Customers do not want to have a large number of membranes on stock due to cost reasons*
- ❑ *Membranes have a limited warranty period on stock*
- ❑ *Membranes can have long delivery times of up to several weeks*
- ❑ *If the "normal" membrane is not available, which alternative is on the market?*
- ❑ *Currently no supplier stock enough membranes*
